**PRESIDING JUDGE'S ORDER ESTABLISHING MINIMUM STANDARDS FOR
IN-PERSON PROCEEDINGS**

This order is intended to set minimum standards for all in-person proceedings in the Fourth Judicial District for the duration of the COVID-19 pandemic. The purpose of this order is to establish minimum standards for in-person hearings based on current pandemic guidance from federal, state, and local authorities. This order provides for minimum requirements for all courtrooms, public visitors, media, parties, staff, and judicial officers for trials and hearings conducted with members of the public present. As necessary, this order refers to specific court locations and specific types of proceedings.

This order is informed by the document ["Alaska Court System: Conducting Criminal and Civil Jury Trials, and Grand Jury during the Covid-19 Pandemic, January 20, 2021"](#) available on the Alaska Court System's public website under COVID-19 Response. This order will also rely on Special Order of the Chief Justice No. 8194 which contains guidance on procedures for in-person jury trials. This order will refer to two distinct types of events: Hearings (applies to all in-person hearings); Jury Trials (applies to any proceeding with a jury).

- A. **Physical Courtroom Requirements** – All courtrooms in which in-person hearings are to be held with one or more members of the public present shall conform to these requirements. The Clerks of Court ("COC") in consultation with the Area Court Administrator ("ACA") or Rural Court Administrator ("RCA") shall ensure that all modifications are in place before trials commence.
1. **Numbered/Labeled Seating** – Seating shall be visually and clearly labeled in each courtroom where in-person hearings are to occur to ensure that seating is in compliance with social distancing requirements.

2. Media – **All previously approved ongoing media approvals are hereby SUSPENDED.** If media has been approved for a specific proceeding and can be accommodated safely, a maximum of one media representative may be permitted in the courtroom at any one time and their location must be clearly marked. Media representatives may only be in the building for the purpose of documenting the approved proceeding. The media representative will submit a completed [Application](#) to the ACA requesting approval for in-person or remote recordings. No interviews, general filming, or other media activity are permitted inside the court building.
3. Public Seating – When public seating cannot be accommodated within a courtroom, proceedings may be joined through Global Conferencing for those who wish to listen to proceedings. Virtual viewing may be available remotely or to a different courtroom for public viewing.
4. Room Layout – Each courtroom and jury room will have signage posted with the following information:
 - a. Maximum capacity of the room given social distancing.
 - b. Assigned seating for jurors, counsel, witnesses, media, and public.
 - c. Furniture layout to accommodate social distancing, line of sight, recording needs, and emergency response.
5. Local COVID-19 Mandates shall apply to court facilities in all court locations.

B. Personal Protective Equipment (PPE) – These personal protective equipment requirements apply to all hearings:

1. Masks – Based on guidance from the CDC, individuals in the courtroom who have been **fully vaccinated** are not required to wear face coverings/masks. Individuals in the courtroom who are **unvaccinated** must wear a face covering/mask unless they have a medical exemption. Children under the age of 2 are not required to wear face coverings.
 - a. Witnesses testifying behind the plexiglas shield may do so without a mask.
 - b. For good-cause shown, the judge may permit any person including the judge to remove their mask if a clear public record is made explaining the good cause.
 - c. Any court location may elect to provide standardized masks to anyone upon request. If provided, such masks must be provided immediately upon entry into the court building.
2. Hand Sanitizer – Hand sanitizer shall be made available in clearly marked locations for in-person attendees and shall be provided to all jurors.

3. Surface Sanitizer – Sanitizing wipes, cleaning fluids, and proper disposal receptacles shall be made available in each courtroom and at the witness stand and counsel table.
4. Disposable Gloves – Disposable gloves shall be available in all courtrooms and shall be provided to anyone in the courtroom upon request.
5. Plexiglas Shields – At a minimum plexiglas shielding shall be placed at the witness stand and at the in-court clerk work station.

C. Social Distancing

1. Jurors, Parties, and Public – All members of the public, jurors, parties, and counsel shall maintain social distancing. The judge shall instruct individuals in the courtroom about social distancing protocols and shall be responsible for enforcing such protocols.
2. Exception for Certain Participants – With the consent of the affected participants, the judge may authorize participants who have an ongoing professional relationship to sit or confer without maintaining the usual social distancing. (Special Order of the Chief Justice No. 8275).
3. Court Staff
 - a. In-Court/Courtroom Staff – Nobody is permitted to approach the courtroom staff unless instructed by the judge to do so. Those approaching an in-court shall approach where a plexiglas shield has been installed.
 - b. Public Service Counters – The public service counters at the Bethel and Fairbanks courts are currently available by appointment.
4. Public Areas – It is expected that court patrons will follow the social distancing requirement of the visitor alert and respect the space of other court patrons and court staff while present in public areas in the courthouse.
5. Number of Persons in Building – If the ACA or Clerk of Court at any location determines that the traffic flow into a court facility has exceeded a number of manageable court visitors the presiding judge may order a temporary suspension of visitor entry.

D. Communication With Parties, Jurors, and the Public

1. Pre-Hearing Conference – Each judge shall schedule pre-hearing conference at which all parties who will be attending the in-person hearing shall appear telephonically. The judge shall instruct the parties as to the current procedures for in-person hearings.
2. Instructions During Hearing – The judge shall, at the start of each hearing day, remind all present of the rules and procedures for in-person hearings.

3. Witnesses – In-person witnesses shall be afforded the opportunity to participate in the Pre-Hearing Conference and shall have the opportunity to express any concerns they may have about participation in the hearing. To the greatest degree possible, the judge shall schedule witness testimony to minimize the number of persons in the court at any one time. Counsel or Pro Se Litigants calling a witness shall be responsible for contacting their witness, providing court expectations, and calling their witness to the courtroom when it is time for testimony.
4. Jurors – Jurors shall be given clear instructions at the outset of any in-person trial about COVID-19 procedures and shall be reminded throughout trial about the importance of following such procedures.

2. Entry to Court - In courts with onsite Security Screeners, Screening Staff will enforce social distancing and limit traffic flow through security checkpoints while ensuring visitor screening protocols. Court visitors will provide contact information on sign-in sheets along with answering the courthouse visitor alert questions and taking a temperature reading prior to security screening. Courts without onsite Security Screeners will utilize the same sign-in sheets for visitor screening. The sign-in sheets are kept for 30 days in case of future contact tracing.
3. Enforcement of Procedures – Individuals not following procedures will be asked to leave the court facility. Courtroom staff will enforce procedures in courtrooms and may request JS assistance if needed.
