

## WORKSHEET – TO FIGURE OUT JUDGMENT AMOUNT

1. The  plaintiff  defendant was ordered to:

**A. Give me the following personal property but has not done so.**

Item	Value	Date Due
	\$	
	\$	
	\$	
	\$	

See attached page(s) for more items and/or comments.

**B.  Pay me the following money but has not paid.**

Type of Payment (*child support, medical bills, cash for debts etc.*)

Value	Date Due
\$	
\$	
\$	
\$	

See attached page(s) for more debts and/or comments.

**C. Amount owed from adding Values of A + B**                      \$ \_\_\_\_\_

(On *Motion & Affidavit to Reduce to Judgment*, SHC-1530 [Word](#) | [PDF](#), No. 4, write amount from Section C. On *Order Reducing to Judgment*, SHC-1535 [Word](#) | [PDF](#), write principal amount in section 1a.)

**D. The pre-judgment interest on total amount in C:**

Find the interest rate which is set by a statutory formula for the year the court enters the judgment in your case. Most debts use the same interest rates (which may change annually), but some kinds of debts have their own interest rates such as child support arrearages (see AS 25.27.025). To find the interest rate for a given year, see <http://www.courtrecords.alaska.gov/webdocs/forms/adm-505.pdf>.

To figure out the pre-judgment interest amount, use the following formula:

$$\begin{array}{ccccccc}
 \text{Principal} & \times & \text{Interest} & \div & 365 & \times & \# \text{ of} & = & \text{Amount of Interest} \\
 \text{Amount} & & \text{Rate} & & & & \text{Days}^* & & \text{Due for that Period} \\
 \text{_____} & \times & \text{_____} & \div & 365 & \times & \text{_____} & = & \$ \text{_____}
 \end{array}$$

\* “# of Days” means the number of days between the date the principal became due and the date you file your motion for a judgment including pre-judgment interest.

(On *Order Reducing to Judgment*, SHC-1535 [Word](#) | [PDF](#), write interest amount in section 1b.)

**E. Add amounts in C and D for subtotal amount.** \$ \_\_\_\_\_

(On *Order Reducing to Judgment*, SHC-1535 [Word](#) | [PDF](#), write subtotal amount in section 1c.)

See a sample calculation.

**EXAMPLE**

*Motion to Reduce to Judgment* is filed November 22, 2011, claiming \$1,000 was not paid. The money has been due since March 16, 2011.

1. Principal amount and date it became due: \$1,000 due March 16, 2011

2. \$1,000	x .	.0375	÷	365	x	251	=	\$25.78
Principal		Annual		Days		# of Days		Interest Due
		Interest		In		3/16/11 -		For That Period
		Rate		Year		11/22/11		

3. Principal:		\$1,000.00
Prejudgment Interest:	+	25.78
New Balance Due:		\$1,025.78
