Introduction	1
Offenses Listed by Category	7

Note: Any traffic offenses not included in this booklet are mandatory court appearances.

Note: This is Version B of the Vehicle and Traffic Offenses Booklet. It lists the offenses by category. A separate booklet (Version A) is available which lists the offenses in numerical order and includes citations to the statutes which define the penalties for these offenses.

This edition includes the changes made by the following supreme court orders (SCOs) issued after the December 2006 edition of the booklet:

SCO 1678, effective September 2, 2008 (amending the Traffic Bail Forfeiture Schedule)

SCO 1679, effective September 2, 2008 (amending the Oversize Vehicle Bail Forfeiture Schedule to change the penalties for two offenses)

INTRODUCTION

Bail Amounts

The “bail” amounts on the following lists are set by the Alaska Supreme Court under the authority of AS 28.05.151 (for motor vehicle and traffic offenses), AS 45.75.133 (for oversize vehicle offenses), and AS 05.25.090(c) (for watercraft offenses). These statutes require the supreme court to determine those offenses that are appropriate for disposition without court appearance and to establish a schedule of bail amounts for them. The bail amounts are listed in Administrative Rules 43.1, 43.6 and 43.8.

Any recommendations for changes in the bail amounts should be sent to the following address before July 1 each year. Please include an explanation of the reason for the recommendation.

Ellen Moran, Admin. Asst. to Susan Miller
Office of Special Projects

If a bail amount is set for an offense, a person charged with that offense can dispose of the charge (by mail or in person) by checking the “no contest plea” box on the back of the citation and paying the bail amount plus any surcharge established by statute. For many courts, some citations may also be paid online on the court system website at <http://courtrecords.alaska.gov/ep>. The person may also choose to appear in court and contest the citation. If found guilty, the maximum sentence which may be imposed is the bail amount (plus any surcharge). AS 12.25.230(c), AS 45.75.133(e), and Administrative Rules 43.1, 43.6, and 43.8. Therefore, a person charged with an offense for which a bail amount has been set (whether it is an infraction, a violation, or a misdemeanor) does not have a right to a jury or to a court-appointed lawyer.

If no bail amount is set for an offense, the defendant must appear in court for arraignment (unless another statute or regulation makes the offense correctable as discussed below).

Maximum Amount. The maximum bail amount for any offense in which the bail is stated as an amount per mile, per foot, per lamp, per reflector, per tire, or per wheel is the maximum fine allowed by statute for the offense. For example, AS 28.90.010(c) sets the maximum penalty for infractions defined in 13 AAC at \$300. Therefore, the maximum penalty for the speeding offenses defined in 13 AAC is \$300. These maximum amounts are doubled for violations of AS 28 and regulations adopted under AS 28 committed within a highway work zone or traffic safety corridor. Administrative Rule 43.1.

Correctable Offenses

If the “Bail” column for an offense lists “Corr” followed by a number, the offense is a Correctable/Optional Appearance offense. A defendant charged with one of these offenses has three options for responding to the charge. The defendant can:

1. Show the police proof of correction and get the citation dismissed, or
2. Appear in court for arraignment, or
3. Mail in his/her plea (or pay online at the court system website for some courts).

The bail amount for the offense is the amount written after “Corr.” When an officer charges one of these offenses, the officer must check the “Correctable” box on the citation and also write in the bail and surcharge amounts and the total due. If the defendant shows an inspection official proof that the defect has been corrected, the citation must be dismissed (or voided). District Court Criminal Rule 8(d)(4).

An offense is listed as correctable only if there is a statute or regulation authorizing dismissal upon correction. Therefore, the only offenses in this category are: AS 28.15.131 (failure to carry license and exhibit it on demand) and equipment violations on non-commercial vehicles under 13 AAC 04.008.

Note: Although AS 28.05.099(b) makes failure to provide a child safety device [AS 28.05.095(b)] a dismissible offense the first time it is charged, we have not included it among the “Corr” offenses because subsequent charges are not dismissible.

Mandatory Appearance Offenses

If the “Bail” column for an offense lists any of the following three abbreviations, a defendant charged with the offense must appear in court:

- Mand/Inf= a traffic infraction which requires a mandatory appearance in court for arraignment. A defendant charged with a traffic infraction does not have a right to a jury or to a court-appointed lawyer. AS 28.90.010(d).
- Mand/Cr = a misdemeanor or felony which requires a mandatory appearance in court for arraignment. A defendant charged with a misdemeanor or felony for which no bail forfeiture amount has been set has a right to a jury trial and (if indigent) to a lawyer at government expense.
- Mand/Viol= a violation which requires a mandatory appearance in court for arraignment. A defendant charged with an offense classified as a “violation” does not have a right to a jury or to a court-appointed lawyer. AS 11.81.900(b) (61).

Points

Points for traffic offenses are not set by the supreme court. They are set by the Department of Administration in Alaska Administrative Code regulation 2 AAC 90.310 (printed on the inside of the back cover of this booklet).

The purpose of the point system, according to AS 28.15.221, is to identify “habitually reckless or negligent drivers and habitual or frequent violators of traffic laws.” Under this law, a person’s driver’s license can be suspended or revoked by the Department of Administration if the person accumulates “12 or more points as a result of offenses committed during any consecutive 12-month period or 18 or more points as a result of offenses committed during any 24-month period.”

The statutes concerning the point system are AS 28.15.221 to AS 28.15.261. The regulations which were written to carry out the legislature’s intent are in the Alaska Administrative Code: 2 AAC 90.310 to 2 AAC 90.380.

If you believe the points listed in this booklet are incorrect or if you believe the regulation which sets them (2 AAC 90.310) should be amended, write to:

Whitney Brewster, Director
Division of Motor Vehicles
1300 W. Benson Blvd.
Anchorage, AK 99503
(907) 269-5559
E-mail: whitney.brewster@alaska.gov

When recommending changes in the points, please keep in mind the following limitations on the point system:

1. By statute [AS 28.15.221(a)], points are to be assigned “for convictions for violations of traffic laws that are required to be reported to the [Department of Administration] under AS 28.15.191 and AS 28.37.130.”
 - a. The term “traffic laws” is defined in AS 28.15.261 to mean “statutes, regulations, and municipal ordinances governing the driving or movement of vehicles.”
 - b. Convictions which are required to be reported under AS.15.191 are convictions “of an offense under [Title 28] or a regulation adopted under [Title 28], or another law or regulation of this state, or a municipal ordinance that regulates the driving of vehicles.” A conviction of a standing or parking offense need not be reported.
2. Points may not be assigned to laws, regulations or ordinances “regulating standing, parking, equipment, size, or weight; nor may points be assessed for violations by pedestrians, passengers or bicycle riders, or for violations of provisions relating to the preservation of the condition of traffic-control devices on the highways. Points shall be assessed for violations of oversize or overweight permits relating only to restrictions upon speed or hours of operation.” AS 28.15.231(b).

Processing Codes

The processing codes are selected by the Division of Motor Vehicles from a list of codes and definitions required by the federal government. The codes are used by the clerks who enter traffic ticket information into the APSIN (Alaska Public Safety Information Network) computer. These codes designate the description of the offense which will appear on the defendant’s driving record. They also cause the computer to assign the correct number of points to the offense.

Note: The ZZZ code means there is no code for the offense on the national list of required codes. Offenses with a ZZZ code do not have points and do not appear on people’s driving records.

Also Note: The processing codes for watercraft offenses are established by the Department of Public Safety.

Penalty Section

This version of the booklet (Version B) does not include references to the statutes which describe the possible penalties which the court can impose for each offense. For this information, see Version A of the booklet.

Note: In spite of the penalty section statutes, the maximum penalty for any offense for which a bail amount has been set is the bail amount (plus any surcharge). This is true whether the defendant pleads no contest or chooses to contest the citation. See AS 12.25.230(c), AS 45.75.133(e) and Administrative Rules 43.1, 43.6 and 43.8. Also Note: If the bail amount is an amount per mile, per foot, etc., see the paragraph about “Maximum Amount” at the bottom of page 1.

Charging Document

An offense for which a bail forfeiture amount has been established must be charged on a citation form, not on a formal criminal complaint form. District Court Criminal Rule 8(c)(2) and Administrative Rules 43.1, 43.6 and 43.8.

All other offenses may be charged on either a citation form (if allowed by AS.25.180) or a formal criminal complaint form.

Municipal Fine Schedules

Cities that want to use a mail-in system for processing traffic citations must establish, by city ordinance, a fine schedule listing those city traffic offenses which do not require court appearance. See AS 28.05.151 and the other statutes revised by chapter 76 SLA 1987. There are no longer any “bail forfeiture” schedules for city offenses.

Federal Motor Carrier Safety Regulations (49 CFR)

The “49 CFR” (Code of Federal Regulations) offenses listed on pages 39-46 can be found at the following website: www.fmcsa.dot.gov/rules-regulations/rules-regulations.htm or at the Government Printing Office (GPO Access) website: www.gpoaccess.gov/executive.html

Police Training Surcharge

AS 12.55.039 adds a surcharge to the fine or other penalty for most offenses. The surcharge is not part of the fine. It must be assessed separately, listed separately on the citation and on the judgment, and receipted using a separate accounting code

The surcharge is mandatory. It may not be waived, deferred or suspended. However, a judge may allow a defendant who is unable to pay the surcharge to perform community work service under AS 12.55.055(c) in lieu of the surcharge. AS 12.55.039(b).

In imposing a fine, the court may not reduce the fine by the amount of the surcharge or otherwise consider the applicability of a surcharge to the offense. AS 12.55.035(f). AS 18.65.225 provides that the legislature may appropriate money collected under the surcharge law to the Alaska police training fund.

AS 29.25.074 requires cities to authorize the imposition of this surcharge for violation of their ordinances and to deposit the money collected into the state general fund.

A copy of the surcharge statute and AS 29.25.074 are printed on the back cover.

Doubled Bail Amounts for Offenses in Highway Work Zones and Traffic Safety Corridors

Effective April 30, 1999, the bail amounts are doubled for violations of AS 28 and regulations adopted under AS 28 (i.e., the 13 AAC regulations and some 2 AAC regulations) committed within a highway work zone. Administrative Rule 43.1 and AS 28.90.030. A copy of the statute and rule are printed at the end of the booklet (page 48).

Effective May 27, 2006, the bail amounts are doubled for violations of AS 28 and regulations adopted under AS 28 committed within a traffic safety corridor, as that term is defined in AS 28.90.990. Administrative Rule 43.1, AS 28.90.030, and AS 19.10.075. See pages 48-49. The website showing the traffic safety corridors is: http://dot.alaska.gov/stwdplng/hwysafety/safety_corridors.shtml

If an offense occurs in one of these zones or corridors, the officer charging the offense must state that on the citation.

Default Judgments For Failure To Respond

If a defendant fails to respond to a citation or fails to appear for arraignment or trial, the court may either issue a bench warrant or enter a judgment of conviction against the defendant. District Court Criminal Rule 8 (d)(5), (d)(6), (e)(2) and (g). At least 15 days before such a judgment of conviction (called a “default” judgment) is entered, the defendant must be sent a notice explaining the consequences of failure to respond. If a default judgment is entered, it will be for the scheduled bail or fine amount or, if there is no scheduled amount, for the maximum penalty for the offense. In addition, the default judgment will require the defendant to pay any surcharge established by statute, \$25 in court costs and \$25 in collection costs. If, instead, a bench warrant is issued, the defendant must pay a \$75 bench warrant fee, regardless of whether the defendant is convicted. Note, however, that the court may waive the collection costs and bench warrant fee upon a showing of good cause. District Court Criminal Rule 8(h).

Fatal Accidents - Court Appearance Required

Effective September 1, 2003, pursuant to AS 28.05.151(e), an offense with a bail amount may not be disposed of without court appearance if the offense happens in connection with a motor vehicle accident that results in the death of a person. If this happens, the offender must be required to appear in court. Administrative Rule 43.1

COMMERCIAL VEHICLE OFFENSES - 13 AAC 03

The following regulations in 13 AAC 03 apply to any vehicle or combination which either:

- (1) has a gross vehicle weight rating or gross combination weight rating greater than 26,000 pounds, or
- (2) is designed to transport more than 15 passengers, including the driver, or
- (3) is used to transport hazardous materials.

See AS 28.40.100(a)(2) for a more complete definition of “commercial motor vehicle” as applied to the offenses in Chapter 03 of 13 AAC. This definition applies to all the statutes in Title 28 and all the regulations adopted under Title 28.

Note that this definition does not apply to the statutes in AS 19.10.300-.399 (Commercial Motor Vehicle Requirements) or to the regulations in 17 AAC 25 (Commercial Motor Vehicles).

- 1 Maximum bail amount: \$300. AS 28.90.010(c). Maximum bail amount in highway work zone or traffic safety corridor: \$600.
 - 2 Maximum bail amount: \$500. AS 45.75.380(a)(11) and AS 12.55.035(b)(7) - violations. The penalty and the maximum are *not* doubled in highway work zones or traffic safety corridors.
 - 3 Maximum bail amount: \$500. AS 02.15.240 - misdemeanors. The penalty and the maximum are *not* doubled in highway zones or traffic safety corridors.
- * The categories of offenses for which no bail forfeiture amount has been set are:

Corr = correctable/dismissible.

Mand/Inf = mandatory appearance infraction.

Mand/Cr = mandatory appearance crime (misdemeanor or felony).

Mand/Viol = mandatory appearance violation.

See further explanation on page 2.

- ** The \$50 penalty for littering is a fine, not a bail forfeiture amount. See AS 46.06.080 for the fine schedule which the legislature created for this offense.
- *** Under AS 28.05.099, the court may waive the \$15 penalty for violating AS 28.05.095(a) or (d) [safety belts] if the defendant donates \$15 to the Emergency Medical Services entity providing services in the area in which the violation occurred.
- ◆ Citations and complaints charging AS 28.35.280, .285 or .290 must be assigned a criminal case number, even though these offenses are classified as infractions in the statutes, because the mandatory community work service penalty triggers the rights to court-appointed counsel and a jury trial. See Administrative Bulletins 7 and 7.1 on case numbering.

Doubled Bail Amounts For Offenses Committed Within Highway Work Zones (Effective April 30, 1999) and Traffic Safety Corridors

(Effective May 27, 2006)

AS 28.90.030. Fines for offenses committed within highway work zones and traffic safety corridors doubled. (a) Whenever a person violates a provision of this title or a regulation adopted under the authority of this title within a highway work zone or traffic safety corridor, notwithstanding the amount of the fine or the maximum fine set under this title, the fine, or maximum fine, is double the amount provided in this title. (§ 2 ch 64 SLA 1998; am §§4, 5 ch 45 SLA 2006)

AS 28.90.990. Definitions.

(a)(14) “highway work zone” means an area identified by advance signing where road construction, repair, or maintenance work is being done on or adjacent to a highway, whether or not work is actually being done at that time.

(a)(26) “traffic safety corridor” means a portion of a highway on which signs have been erected designating that portion as a traffic safety corridor under AS 19.10.075

Administrative Rule 43.1, Traffic Bail Forfeiture Schedule, states (in its second paragraph):

Effective April 30, 1999, the bail amounts listed below are doubled for violations of AS 28 and regulations adopted under AS 28 committed within a highway work zone, as that term is defined in AS 28.90.990 and 13 AAC 40.010(b). Effective May 27, 2006, the bail amounts listed below are doubled for violations of AS 28 and regulations adopted under AS 28 committed within a traffic safety corridor, as that term is defined in AS 28.90.990.

AS 19.10.075. Designation of Traffic Safety Corridors; fines.

(a) To promote traffic safety, the department may designate a portion of a highway to be a traffic safety corridor. The commissioner shall establish criteria for the designation and continuation of traffic safety corridors. In establishing the criteria, the commissioner may consider accident data and reports, the type and volume of vehicular traffic, engineering and traffic studies, and other relevant factors. Before the department designates a traffic safety corridor, the commissioner shall consult with the commissioner of public safety and shall consult with other local, state, and federal agencies with responsibility for traffic safety. A motor vehicle or traffic offense committed in a traffic safety corridor is subject to a double fine as provided in AS 28.90.030. The department shall erect signs designating traffic safety corridors and alerting the public that motor vehicle and traffic offenses committed within a corridor are subject to double fines. A claim for damages may not be made against the state or its officers, employees, or agents for an act or omission relating to the designation of and erection of signs regarding a traffic safety corridor.

(b) The legislature may appropriate 50 percent of the fines for offenses committed in a traffic safety corridor imposed under AS 28.90.030 and collected and separately accounted for by the state under AS 37.05.142 , to the division of the Department of Transportation and Public Facilities responsible for highway safety planning, for highway safety programs. (§1 ch 45 SLA 2006)

AS 28.15.221(c). Point System - Two Points For Illegal Passing in Traffic Safety Corridor.

(c) The regulations adopted under (a) of this section shall include a two-point addition to a licensee's assessed total if the licensee, while in a designated traffic safety corridor, overtakes and passes another vehicle in a zone designated by a safety control device that prohibits passing.

2 AAC 90.310. DEMERIT POINT SCHEDULE. (a) For the purposes of administratively identifying habitually reckless or negligent drivers and habitual or frequent violators of traffic laws and in order to identify problem drivers, in addition to any demerit points established in AS 28, the following offenses are given the corresponding numerical weights upon conviction:

Offense or Type of Offenses	Point Value
(1) except as provided in (2) of this subsection, driving while license cancelled, suspended, or revoked, or in violation of license limitation.....	10
(2) driving a commercial motor vehicle while commercial driver's license is disqualified, cancelled, suspended, revoked, or in violation of a license limitation	10

(11) leaving scene of crash.....	9
(12) negligent driving.....	6
(13) minor operating a motor vehicle, aircraft, or watercraft after consuming alcohol.....	6
(14) failure to provide proof of liability insurance as required by AS 28.22.....	6
(15) failure to yield right-of-way to authorized emergency vehicle.....	6
(16) failure to stop for school bus while bus is loading or unloading.....	6
(17) failure to obey official traffic control device in school zone, playground crosswalk, or park	6
(18) driving a commercial motor vehicle after being ordered out of service under 49 C.F.R. 396.9(c) or AS 28.33.130(c)	6
(19) speeding:	
in school zone or playground crosswalk.....	6
3 - 9 miles per hour over speed limit.....	2
10 - 19 miles per hour over speed limit.....	4
20 or more miles per hour over speed limit	6
(20) violation of oversize or overweight permit, pertaining to restriction on speed:	
3 - 9 miles per hour over speed limit.....	2
10 - 19 miles per hour over speed limit.....	4
20 or more miles per hour over speed limit	6
pertaining to hours of operation:.....	3
(21) careless driving.....	4
(22) following too closely	4
(23) failure to stop or yield.....	4
(24) all other offenses not specified in the subsection.....	2

(b) In this section, “habitually reckless or negligent drivers and habitual or frequent violators of traffic laws” means vehicle operators whose demerit point totals, less deductions, have reached the level requiring mandatory suspension or revocation of the driving privilege.

Police Training Surcharge

AS 12.55.039. Surcharge.

- (a) In addition to any fine or other penalty prescribed by law, a defendant who pleads guilty or nolo contendere to, forfeits bail for, or is convicted of a
 - (1) felony shall be assessed a surcharge of \$100;
 - (2) violation of a misdemeanor offense under AS 28.33.030, 28.33.031, AS 28.35.030, or 28.35.032, or a violation of a municipal ordinance comparable to a misdemeanor offense under AS 28.33.030, 28.33.031, AS 28.35.030, or 28.35.032 and adopted under AS 28.01.010, shall be assessed a surcharge of \$75;
 - (3) misdemeanor or a violation of a municipal ordinance if a sentence of incarceration may be imposed for the misdemeanor or ordinance violation, other than a provision identified in (2) of this subsection, shall be assessed a surcharge of \$50;
 - (4) misdemeanor for which a sentence of incarceration may not be imposed, a violation or an infraction under state law, or a violation of a municipal ordinance imposing a penalty authorized by AS 29.25.070(a) if a sentence of incarceration may not be imposed for the ordinance violation, shall be assessed a surcharge of \$10 if the fine or bail forfeiture amount for the offense is \$30 or more.
- (b) A court may not fail to impose the surcharge required under this section. The surcharge may not be waived, deferred, or suspended. A court may allow a defendant who is unable to pay the surcharge required to be imposed under this section to perform community work under AS 12.55.055(c) in lieu of the surcharge.
- (c) The surcharge shall be paid within 10 days of imposition or such shorter period of time as ordered by the court. Failure to pay the surcharge is punishable as contempt of court. Proceedings to collect the surcharge may be instituted by the state, the municipality, or by the court on its own motion.
- (d) Money collected under this section shall be deposited into the general fund and accounted for under AS 37.05.142. (§ 2 ch 119 SLA 1994; am § 4 ch 56 SLA 1998); am § 1 ch 24 SLA 2000)

AS 29.25.074. Surcharge.

- (a) A municipality may not enforce a penalty for violation of an ordinance for which a surcharge is required to be imposed under AS 12.55.039 unless the municipality authorizes the imposition of and provides for the collection of the surcharge. The surcharge shall be deposited into the general fund of the state and accounted for under AS 37.05.142. Subject to appropriation, the legislature may reimburse a municipality that collects a surcharge required to be imposed under AS 12.55.039 for the cost to the municipality in collecting the surcharge and transmitting the surcharge to the state. The reimbursement may not exceed 10 percent of the surcharge collected and transmitted to the state.
- (b) This section applies to home rule and general law municipalities. (§ 8 ch 56 SLA 1998; am § 2 ch 24 SLA 2000)
